& President

**Sandvik Asia Ltd**  
Pune, India

**April 8<sup>th</sup>, 2009**

**Venue: Swedish Trade Council, WTC (Stockholm)**

**Time: 08.15 – 10.00**

Sweden-India Business Council and The Swedish Trade Council are proud to present Håkan Kingstedt, President and Managing Director of Sandvik Asia. Mr. Kingstedt stays in Pune, India and has been invited to share his story us.

Sandvik Materials Technology is a world-leading producer of high technology stainless steels, special alloy materials and advanced value-added products, developed in close cooperation with customers. Sandvik Coromant is the world's leading manufacturer of cutting tools for the metal working industry, with more than 25,000 products

Mr. Kingstedt has been the Managing Director and President of Sandvik Asia since November 2004. Mr. Kingstedt is a technician/engineer with wide experience in diverse corporate management, manufacturing, quality and human resource development in globalized markets. Before India he was Vice President of Human Resources at Sandvik Mining and Construction in Sweden. He also held positions at Stora Enso as Personnel Manager, Production Engineer and Quality Manager.
